FreshAWL® WOW-Air™ Concentrate

MATERIAL SAFETY DATA SHEET

FreshAWL, LLC
1950 Olivera Rd., Suite D
Concord, CA 94520
EMERGENCY TELEPHONE: (800) 424-9300

PRODUCT INFORMATION:

H M I S

HEALTH: 1

FLAMMABILITY: 0

REACTION: 0

PERSONAL PROTECTION: C

II. PRODUCT IDENTIFICATION

Product Name: FreshAWL® WOW-Air™ Concentrate
Synonyms: None
Chemical Family: Cleaning Compound
OSHA CAS# SARA 313

COMPONENT RQ # TWA STEL* WEEL*
NE None Organo-imino Complex None NE NE NE NE

Other than those listed, there are no ingredients with ACGIH exposure limits present at 1% or more, and no known *TWA= Time Weighted Average; STEL= Short Term Exposure Limit; WEEL= Workplace Employee Exposure Level. NE = Not evaluated. NA = Not applicable.

III. HAZARDS IDENTIFICATION

OSHA Hazard Classification:

Health hazard. Harmful if swallowed. Irritating to eyes, skin, and respiratory system.

Health Hazard Description:

Moderate health hazard. Severe eye irritant. Ingestion hazard.

Hazardous Characteristics:

Harmful when inhaled and in contact with the skin. Irritating to eyes and respiratory system.

Routes of Entrapment:

Eye, inhalation, skin

Chemical Interactions:

Avoid contact with acids and oxidizing agents.

Medical Conditions Aggravated:

None

Human Threshold Response Data

Odor Threshold: Not Established

Inhalation Threshold: Not Established

IV. EMERGENCY AND FIRST AID PROCEDURES

Skin:
Flush with water–prolonged contact can cause irritation or allergic dermatitis.

Inhalation:
Immediately remove person to fresh air. Keep person calm. If not breathing, give artificial respiration. If not breathing give oxygen.

Ingestion:
Seek medical attention immediately. If person is conscious, give water to dilute stomach contents.

V. FIREFIGHTING MEASURES

Flash Point (°F): >200
FLAMMABLE LIMITS: LEL NONE UEL NONE

Extinguishing Media: WATER X ALCOHOL FOAM X CO2 X DRY CHEMICAL X

Do not allow contaminated water to enter storm drains or open waterways.

Fire Fighting Instructions: Use normal firefighting equipment including a NIOSH approved self-contained breathing apparatus (SCBA). Use water to cool containers. Product may float on water if spilled.

VI. ACCIDENTAL RELEASE MEASURES

Personal Protection for Emergency Situations: Evacuate the area of all unnecessary personnel.

Spill Mitigation Procedures

Air Release: Vapors may be suppressed by the use of water fog. Contain all liquid for treatment and/or disposal as a (potential) hazardous waste. US regulations (CERCLA) require reporting spills and releases to soil, water and air in excess of stipulated quantities (RQ). US Coast Guard National Response Center is 800-424-8802.

Water Release: This material is soluble in water. Contain all liquid for treatment and/or disposal as a (potential) hazardous waste. If not contaminated with other chemicals, this can be disposed of in a sanitary sewer.

Land Release: Create a dike or trench to contain materials. Absorb spill, or pump to liquid storage for disposal in a sanitary sewer or landfill. Decontaminate all clothing and the spill area using detergent and flush with large amounts of water; contain water for disposal in sanitary sewer.

Additional Spill Information: Stop source of spill as soon as possible and notify appropriate personnel. Utilize emergency response personal protection equipment prior to the start of any response. Evacuate all non-essential personnel. Dispose of spill residues per guidelines under Section XIII, Disposal Considerations.
VIII. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Ventilation: Local exhaust ventilation or other engineering controls are normally not required when handling this product. Rather, use general exhaust ventilation if that is sufficient for general worker safety and comfort. A NIOSH/MSHA approved air supplied respirator is advised in the absence of adequate ventilation. Protective Equipment for routine use of Product

Respiratory Protection: See previous paragraph. Material should be handled with proper ventilation. For open use of the product, minimize exposed wet area.

Respirator Type(s)
Air purifying respirators should not be used in oxygen deficient or IDLH atmospheres or if exposure concentrations exceed ten (10) times the published limit.

Skin: Wear impervious gloves (butyl rubber, Viton, etc.) to avoid skin contact. Practice good industrial hygiene.

Eyes: When using this product for cleaning, safety eyewear is recommended. When transferring this product from container to container wearing goggles or face shield is recommended to avoid possible splash.

Protective Clothing Type: Impervious. NIOSH Level Immediately Dangerous to Life or Health: Not Available.

IX. PHYSICAL PROPERTIES

Physical State: Liquid
Color: Slight Yellow
Odor: Characteristic
Freeze Point: < 13°F
Boiling Point (°F): 200°F
Vapor Pressure (mm Hg): UNKNOWN
Vapor Density (Air=1): >1
Solubility in Water: SOLUBLE
Appearance and Odor: CLEAR, FOAMY SOLUTION

X. REACTIVITY DATA

Stability: STABLE
Hazardous Polymerization: WILL NOT OCCUR
Incompatibility: ACIDS

Hazardous Combustion Products: Oxides of Carbon and Nitrogen

XI. TOXICOLOGICAL INFORMATION

Aquatic Toxicity: LC 50/96-rainbow trout 5,000 ppm
Component Animal Toxicology
Oral LD50 value mg/kg: None
Dermal LD50 value mg/kg: None
Inhalation LC50: None
Component Fetal Effects: Tests with lab animals have not resulted in birth defects, testicular damage or sperm damage from this product.
Skin Irritation: This material may be slightly irritating.
Eye Irritation: This material may be slightly irritating, prolonged exposure may be damaging.
Reproductive and Developmental Toxicity: See “Component fetal effects” above in this section.
Mutagenicity: None, including reporting by IARC< OSHA< NTP or EPA
Carcinogenicity: None

XII. ECOLOGICAL INFORMATION

Ecological Toxicity Values: Expected to be inherently biodegradable from studies on similar materials.
Environmental fate: No information found
Environmental Toxicity: No information

XIII. DISPOSAL INFORMATION

WASTE DISPOSAL INFORMATION: Comply with Local, State and Federal Regulations. Avoid environmental contamination from the use of this material. The user of this material has the responsibility to dispose of unused material, residues, and containers in compliance with all relevant local, state and federal laws.

Disposal preferred in sanitary sewer.

Components subject to land ban restrictions: No components subject to land ban restrictions. Do not release to environment without appropriate permits.

RCRA HAZARDOUS WASTE: NO X
RS: Unknown

XIV. TRANSPORTATION INFORMATION

Proper Shipping Name: Cleaning Compound Chemical, Not DOT Regulated
Hazard Classification: None
Size for “Limited quantity” per 49 CFR 173.150-155: None established
Reportable quantity (“RQ”) per 49 CFR 172.101: Not applicable
CFR173: Passenger Aircraft/rail, Cargo Aircraft, and Vessel Stowage: None established

XV. REGULATORY INFORMATION

United States:

Toxic Substances Control Act (TSCA): The components of this product are listed on the TSCA Inventory of Existing Chemical Substances
Superfund Amendments and Reauthorization Act (SARA) Title III: See section III of this MSDS
Hazard Categories Sections 311/312(40CFR 370.2): Health: Acute: NO Chronic: NO Physical: Not Regulated
Emergency Planning and Community Right to Know (40CFR 302, App A): Not applicable
Reportable Quantity (40CFR 302.4): None
Supplier Notification Requirements (40 CFR 372.45), 313 Reportable Components: See section II above
State Right-To-Know Regulations Status of Ingredients:
Pennsylvania: No information; New Jersey: No information; Massachusetts: No information

XVI. ADDITIONAL INFORMATION

This Material Safety Data Sheet (MSDS) has been prepared in compliance with the Federal OSHA Hazard Communication Standard 29 CFR 1910.1200 and ANSI Z400 1 2004. This information should be provided to all who will use, handle, store, transport, or otherwise be exposed to this product. FreshAWL believes this information to be reliable and up to date as of this publication date, but make no warranty that it is. If this MSDS is more than three years old, you should contact the supplier to make sure the information is still current.
